Scenario Briefing

Good morning driver. Today you are in charge of the Network Rail PLPR test train from Heaton TRSMD to Derby RTC. Part of the route today sees you traverse the Nessland Lough branch line which you are now working over. Having arrived at Drumness you are now ready to reverse to head for Ballafooy Yard where you have a scheduled stop.

Weekly/Daily/Special Operating Notices

None

Ballafoy West Siding	10:02	---	---	1

DUD - Drumness Up & Down
CUD - Up & Down Casal
DM - Down Main

Notes

Everything about this scenario is fictional. There's an attempt to use semi-accurate headcodes but the times are completely fictional. Additionally, my research indicated that when 1Q18 runs from Heaton to Derby it tends to be the Network Rail NMT. However, I thought the NMT looked a little out of place on the Nessland Lough route so went with a top and tailed loco-hauled service instead.
