### Scenario Briefing

Good evening driver. Today you are in charge of a TPE service from Manchester Piccadilly to Leeds. You are currently in Platform 1 at Manchester Piccadilly so your first task is to release the door to allow passengers to board and then set-up ready to depart at 19:58.

Once underway you'll be calling at Stalybridge, Mossley, Greenfield, Marsden, Slaithwaite and Huddersfield on this leg of your journey.

Your train is formed of a 3 car Class 185 set and the maximum permitted speed for your train today is 100 mph.

### Weekly/Daily/Special Operating Notices

None

## Notes

This scenario has been built around the player adhering to the given maximum speed and following the given schedule. Without those elements, the scenario may not play as intended. All trains are taken from the timetable in operation on the day the scenario is set with adjustments here and there to cater for TSC and gameplay. Additionally, the scenario reflects what happened on that specific day.
