Scenario Briefing

Good evening driver. Today you are in charge of an evening TPE service from Manchester Piccadilly to Leeds. Having left Piccadilly a while ago you've now reached Huddersfield so your first task is to release the doors to allow passengers to board. You are scheduled to depart here at 20:49 but you can leave as soon as permitted.

Once underway you'll be calling at Deighton, Mirfield, Ravensthorpe, Dewsbury, Batley, Morley, Cottingham and Leeds on this leg of your journey.

Your train is formed of a 3 car Class 185 set and the maximum permitted speed for your train today is 100 mph.

Weekly/Daily/Special Operating Notices

None

Notes

This scenario has been built around the player adhering to the given maximum speed and following the given schedule. Without those elements, the scenario may not play as intended. All trains are taken from the timetable in operation on the day the scenario is set with adjustments here and there to cater for TSC and gameplay. Additionally, the scenario reflects what happened on that specific day.
