Train Weight: 43 tons

Operational Information: Nothing

## Scenario Briefing

Good morning driver. Whilst DB Regio Mitte operate most of the local passenger services in Rheinland-Pfalz, Koblitzer Bergbahn AG hold a franchise to operate services between Köblitz and Hosvenn and Köblitz and Köbler Wald. KBAG stable their units overnight at Altenburg so, as each unit comes into service, it operates a passenger service starting at Altenburg before then operating between Köblitz & Hosvenn/Köbler Wald for the rest of the day. Today you have been rostered on to one of these early morning services running between Altenburg & Hosvenn.

You are currently in the sidings at Altenburg so get set-up and then head to Altenburg Hbf where you will pick up passengers and then reverse to head to Köblitz and Hosvenn. You will be calling at all stations to Hosvenn.

Your train is formed of a single Class 650 railbus and the maximum permitted speed for your train is 120 kph.

## Weekly/Daily/Special Operating Notices

None

# Timetable

| Location       | Schedule |      |           | Platform/Line |
