Scenario Briefing

Good afternoon driver. Today you have been rostered on to 1A81, a GWR service from Newton Abbot to Paddington. Having left Newton Abbot a while ago you've now reached Reading where you have a station stop so release your doors for passengers to board and then get ready to depart as soon as permitted.

Once underway you have no station stops other than Paddington.

Your train is formed of a 9 car Class 800 set, and the maximum permitted speed for your train is 125 mph.

Weekly/Daily/Special Operating Notices

None

Notes

This scenario has been built around the player adhering to the given maximum speed and following the given schedule. Without those elements, the scenario may not play as intended. All trains are taken from the timetable in operation on the day the scenario is set with adjustments here and there to cater for TSC and gameplay. Additionally, the scenario reflects what happened on that specific day.
